

16.27 Reserve funds and appropriations.

1. The authority may create and establish one or more special funds, to be known as “*bond reserve funds*”, and shall pay into each bond reserve fund any moneys appropriated and made available by the state for the purpose of the fund, any proceeds of sale of notes or bonds to the extent provided in the resolutions of the authority authorizing their issuance, and any other moneys which may be available to the authority for the purpose of the fund from any other sources. All moneys held in a bond reserve fund, except as otherwise provided in this chapter, shall be used as required solely for the payment of the principal of bonds secured in whole or in part by the fund or of the sinking fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds or the payments of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

2. Moneys in a bond reserve fund shall not be withdrawn from it at any time in an amount that will reduce the amount of the fund to less than the bond reserve fund requirement established for the fund, as provided in this section, except for the purpose of making, with respect to bonds secured in whole or in part by the fund, payment when due of principal, interest, redemption premiums and the sinking fund payments with respect to the bonds for the payment of which other moneys of the authority are not available. Any income or interest earned by, or incremental to, a bond reserve fund due to the investment of it may be transferred by the authority to other funds or accounts of the authority to the extent the transfer does not reduce the amount of that bond reserve fund below the bond reserve fund requirement for it.

3. The authority shall not at any time issue bonds, secured in whole or in part by a bond reserve fund if, upon the issuance of the bonds, the amount in the bond reserve fund will be less than the bond reserve fund requirement for the fund, unless the authority at the time of issuance of the bonds deposits in the fund from the proceeds of the bonds issued or from other sources an amount which, together with the amount then in the fund will not be less than the bond reserve fund requirement for the fund. For the purposes of this section, the term “*bond reserve fund requirement*” means, as of any particular date of computation, an amount of money, as provided in the resolutions of the authority authorizing the bonds with respect to which the fund is established, equal to not more than ten percent of the outstanding principal amount of bonds of the authority secured in whole or in part by the fund.

4. To assure the continued operation and solvency of the authority for the carrying out of its corporate purposes, provision is made in subsection 1 for the accumulation in each bond reserve fund of an amount equal to the bond reserve fund requirement for the fund. In order further to assure maintenance of the bond reserve funds, the chairperson of the authority shall, on or before July 1 of each calendar year, make and deliver to the governor the chairperson’s certificate stating the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Within thirty days after the beginning of the session of the general assembly next following the delivery of the certificate, the governor may submit to both houses printed copies of a budget including the sum, if any, required to restore each bond reserve fund to the bond reserve fund requirement for that fund. Any sums appropriated by the general assembly and paid to the authority pursuant to this section shall be deposited by the authority in the applicable bond reserve fund.

5. All amounts paid over to the authority by the state pursuant to the provisions of this section shall constitute and be accounted for as advances by the state to the authority and, subject to the rights of the holders of any bonds or notes of the authority theretofore or thereafter issued, shall be repaid to the state without interest from all available operating revenues of the authority in excess of amounts required for the payment of bonds, notes or obligations of the authority, the bond reserve fund and operating expenses.

6. The authority shall cause to be delivered to the legislative fiscal committee within ninety days of the close of its fiscal year its annual report certified by an independent certified public accountant (who may be the accountant or a member of the firm of accountants who regularly audits the books and accounts of the authority) selected by the authority. In the event that the principal amount of any bonds or notes deposited in a bond reserve fund is withdrawn for payment of principal or interest thereby reducing the amount of that fund to less than the bond reserve fund requirement, the authority shall immediately notify the general assembly

of this event and shall thereafter take steps to restore such bond reserve to the bond reserve fund requirement for that fund from any amounts available, other than principal of a bond issue, which are not pledged to the payment of other bonds or notes.
